

WEVO-Cleaner PS

WEVO-Cleaner PS is a solvent based, CFC-free cleaner to eliminate insoluble resin residue of the mixing chamber of the mixing machine.

It is used especially for non cured two-component resins and foams.

To solve cured resin from any machine part, stirrer or tool it is possible to let the WEVO CLEANER PS soak and wipe the parts clean afterwards.

This product is not toxic or fire hazardous and has low odour.

Sensitisation and irritation of the skin was not found.

Product Specification:

Appearance:	Clear Liquid
Density:	1,09 g/cm ³
Boiling range:	200°C – 230°C
Melting point:	-25°C
Flashpoint:	108°C
Ignition point:	370°C
Evaporation number:	1
Water content:	Max. 0,5%
Acid content:	Max. 0,5mg KOH/g
Solubility in water:	5%
Vapour pressure at 20°C:	< 0,1hPa

Packing: 750 ml, 5 kg, 10 kg und 30 kg-bucket

Shelf life: in original closed cans or drums, at a dry storage between 15°C and 25°C, 12 months.

Our technical advice - whether verbal, in writing or by way of trials - is given in good faith but without warranty, and this also applies where proprietary rights of third parties are involved. It does not release you from the obligation to test the products supplied by us to their suitability for the intended processes and uses. The application, use and processing of the products are beyond our control and therefore, entirely your own responsibility. Should in spite of this, liability be established by us and used by you. We will, of course, provide products of consistent quality within the scope of our General of Sale and Delivery.
